

THANK YOU Supervisor Don Knabe!

With a grant Zinsmeyer Academy received through ***Supervisor Don Knabe's 4<sup>th</sup> District Arts Education Partnership***, Zinsmeyer was able to secure two Smart Boards and two projectors for the school's Visual Arts Program. The use of the Smart Boards allows students to engage in an interactive process, which improves their attention span and serves to expand their artistic skills.

Above is a sample of holiday cards created by students as part of the Visual Arts Program at the Academy.
